

aWISH

ANIMAL WELFARE INDICATORS AT
THE SLAUGHTERHOUSE

ABOUT aWISH

aWISH aims to enhance pigs and broilers welfare across Europe through automated monitoring, data utilization, and new technologies. Pilots in six countries will test this system, providing real-time feedback to stakeholders. The project will also develop best practice guides and an Animal Welfare Indicator Catalogue to drive improvements.

PROJECT AIM

aWISH aims to improve livestock welfare in Europe through automated monitoring at slaughterhouses, providing feedback and best practice advice to all production stages. This collaborative effort involves stakeholders from producers to policy makers.
